

El Monte Middle School

Home of the Mighty LOBOS!

BRINGING OUT THE BEST

IN THIS ISSUE

Principal's Note

El Monte got off to a great start diving right into data to ensure we are meeting the needs of every student. Thank you teachers for the great work at our professional learning centered around common assessments and a data collection tool. We are excited about the conversations that will occur weekly around our learning logs and the opportunities to focus on the specific standards.

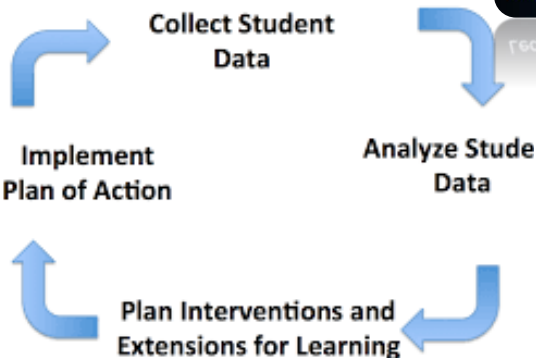

Students returned refreshed and ready to learn and are excited about selecting electives at next week's Elective Expo. Have a great three-day weekend!

-Marlena
