

El Monte Middle School

Principal's Corner

Volume 4, Issue 35

May 18, 2018

PHEW! What a busy, busy week! Thank you to everyone who covered classrooms today and this week! It takes a team and we all banded together to ensure that instructional was occurring on campus. We finished most of our CAASPP make ups today for Math and English. We

will begin our CAST test in 8th grade science classrooms beginning on Monday.

Next week we are super busy as we have a field trip to the Grizzly game and our annual Rise Above Project for 6th grade. We end our week with our Pep Assembly and last dance of the year.

Let's continue ensuring that we finish strong in the classrooms and that instruction is occurring every day.

Band Spring Spectacular Concert

El Monte and Orosi High School had their last concert of the year on Wednesday evening. Thank you to Mr. Perry and Mr. Gaspar for hosting such an incredible concert and showcasing our students ability. It is always a nice event to attend and see our students growth over the year. Thank you to Mr. Alvarez for attending on behalf of the El Monte Administrative Team.

California State University - Northridge

California State University, Northridge is a vibrant, diverse university community of 38,310 students and more than 4,000 faculty and staff, sited on a 356-acre campus in the heart of Los Angeles' San Fernando Valley. As you explore the university's web site, you will find ample evidence of Cal State Northridge's commitment to the educational and professional goals of students, and its extensive service to the community

CSUN offers something for every type of student. With small class sizes, more than 300 clubs and organizations, extensive academic support services and international exchange programs, it's no wonder you've thought about calling CSUN home.

What does it take to get here? Find out by reading the admissions requirements, cost of attendance and other essential items for each of the student categories below — just select any of the links to get started.

Whether you're living away from home for the first time or prefer the convenience of on-campus housing to apartment life, CSUN has an option for you. Student Housing offers secure, gated communities that include swimming

pools and sports courts, and they are just a short walk or bike ride from your classes.

Counseling Center/Student Advocate Update

The Counseling Center has been working relentlessly to ensure 8th grade students meet promotion eligibility. Counselors and School Advocates have been meeting with students and connecting with parents to ensure the students have the guidance and support; both at school and at home. The counseling center has provided students with opportunities to clear their tardies during brunch, lunch, and after-school. Student Advocates have done an amazing job at running After-School

Tutorial Sessions Monday - Thursday where students are afforded opportunities to make-up work and get individualized support, all while also being able to clear tardies. Student

Advocates have also been making home-visits and connecting with families while emphasizing the need for students to enroll for summer school.
